WHERE IS BUSTER?

"We're just studying"

Buster Bulldog first came to BHS in 1983. Since then he has brought much spirit to BHS. He gets the crowd going at many activities. He is a fun-loving, friendly mascot. BHS just isn't the same since our beloved pet failed to show up for his afternoon practice. Search parties were organized at 6:30. We have been searching and have only found a few clues. These clues have been placed throughout the book. If you can figure out where Buster has gone, please call: 840-Pride

P.S. "Buster, we want you back, We love you"

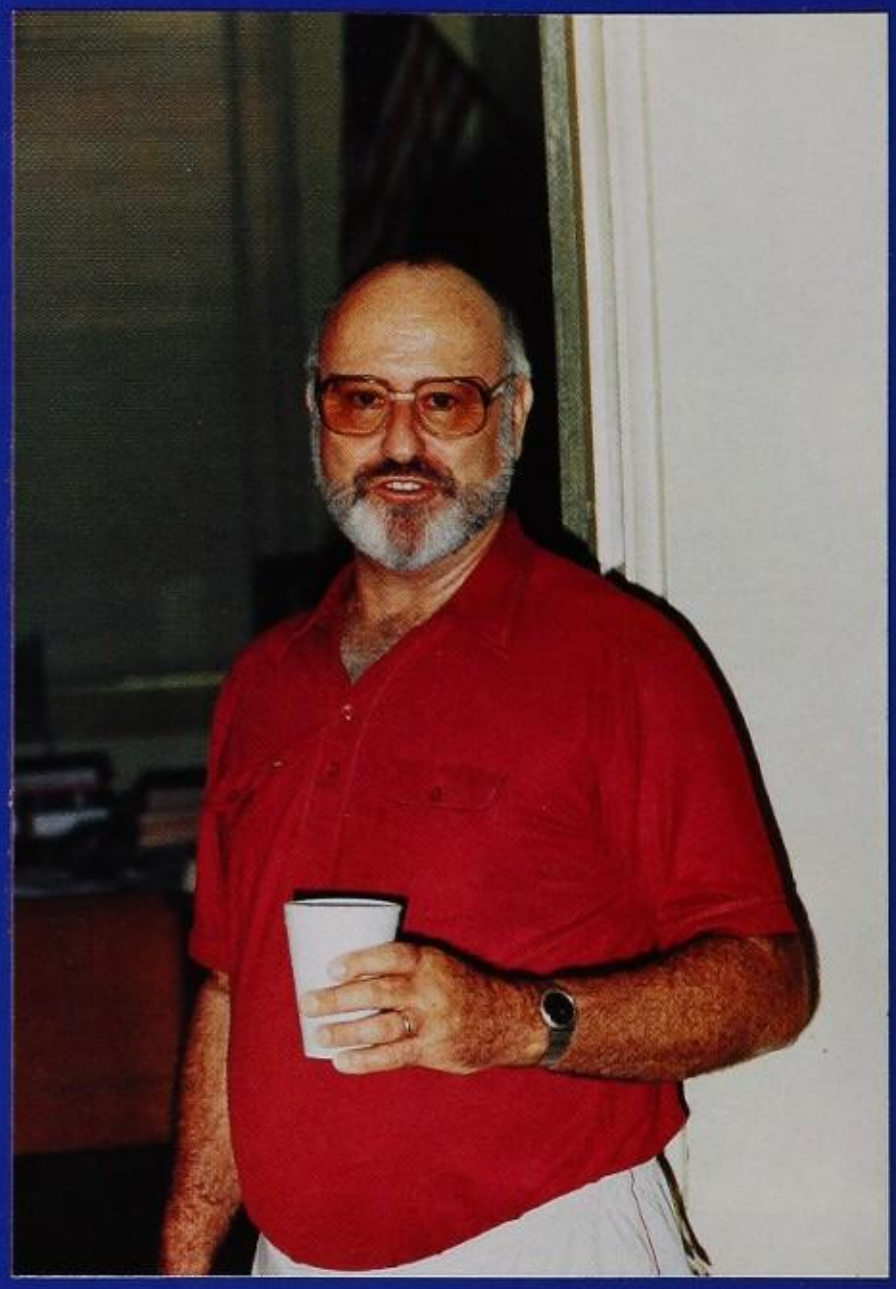
CERALBUS STAFF



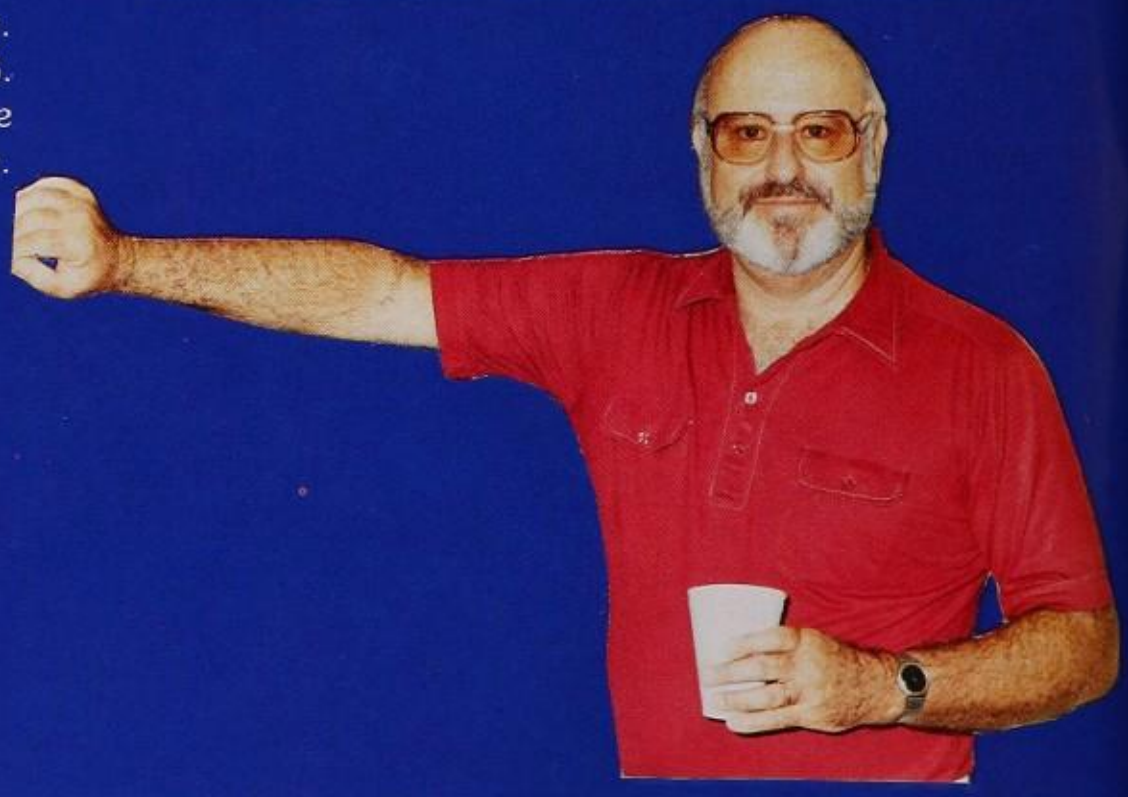
This year's Ceralbus is proudly dedicated to Mr. Art Cobery for his ceaseless devotion to teaching.

Mr. Cobery has been teaching history at Burbank High School since 1958, a total of 26 years.

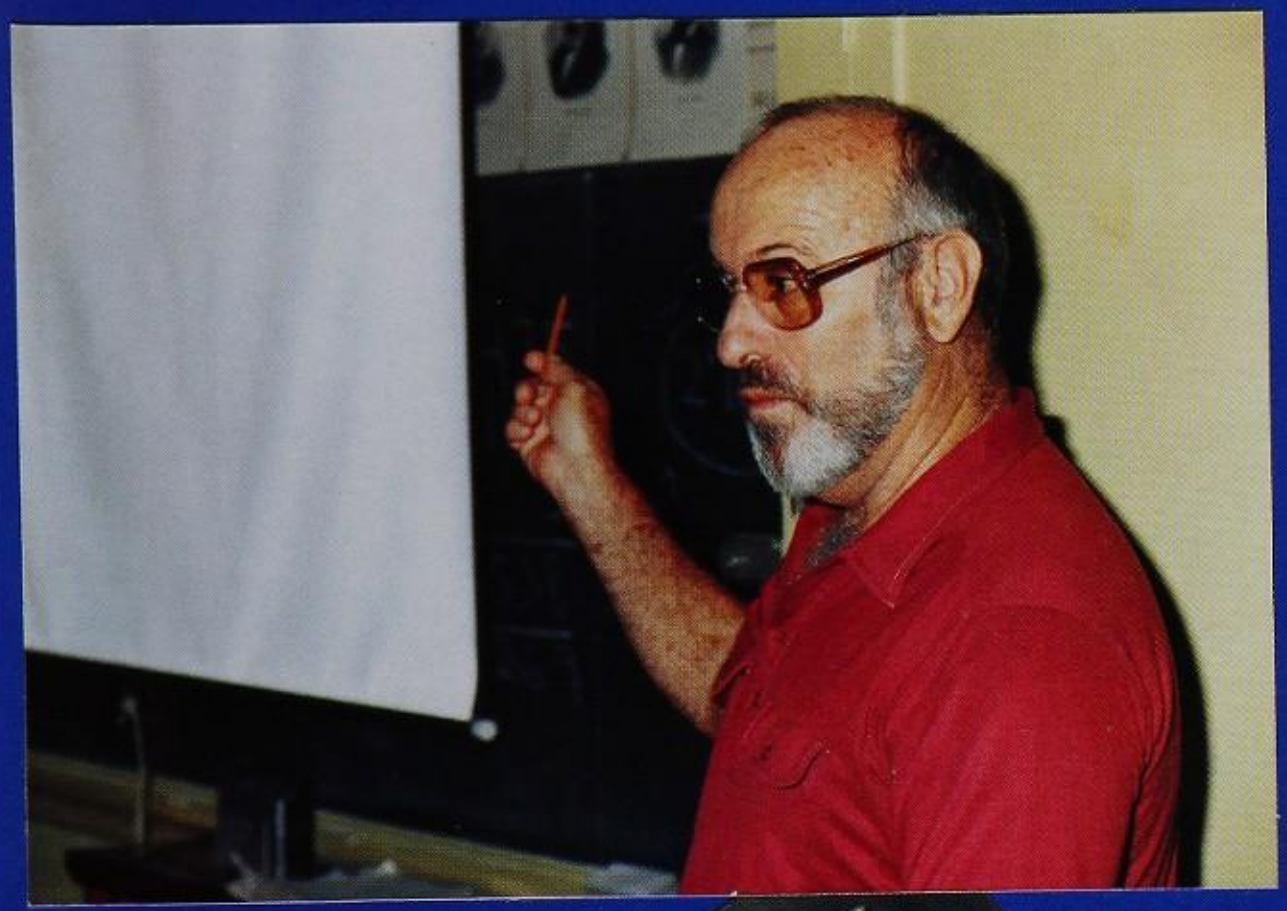
For many years he has led students to Washington D.C., as advisor to the Close-Up program. In this program, students and teachers alike are able to get a behind-the-scenes look at how our government operates. This experience allows Mr. Cobery to give colorful lessons to his classes, including his A.P. History class here at B.H.S.

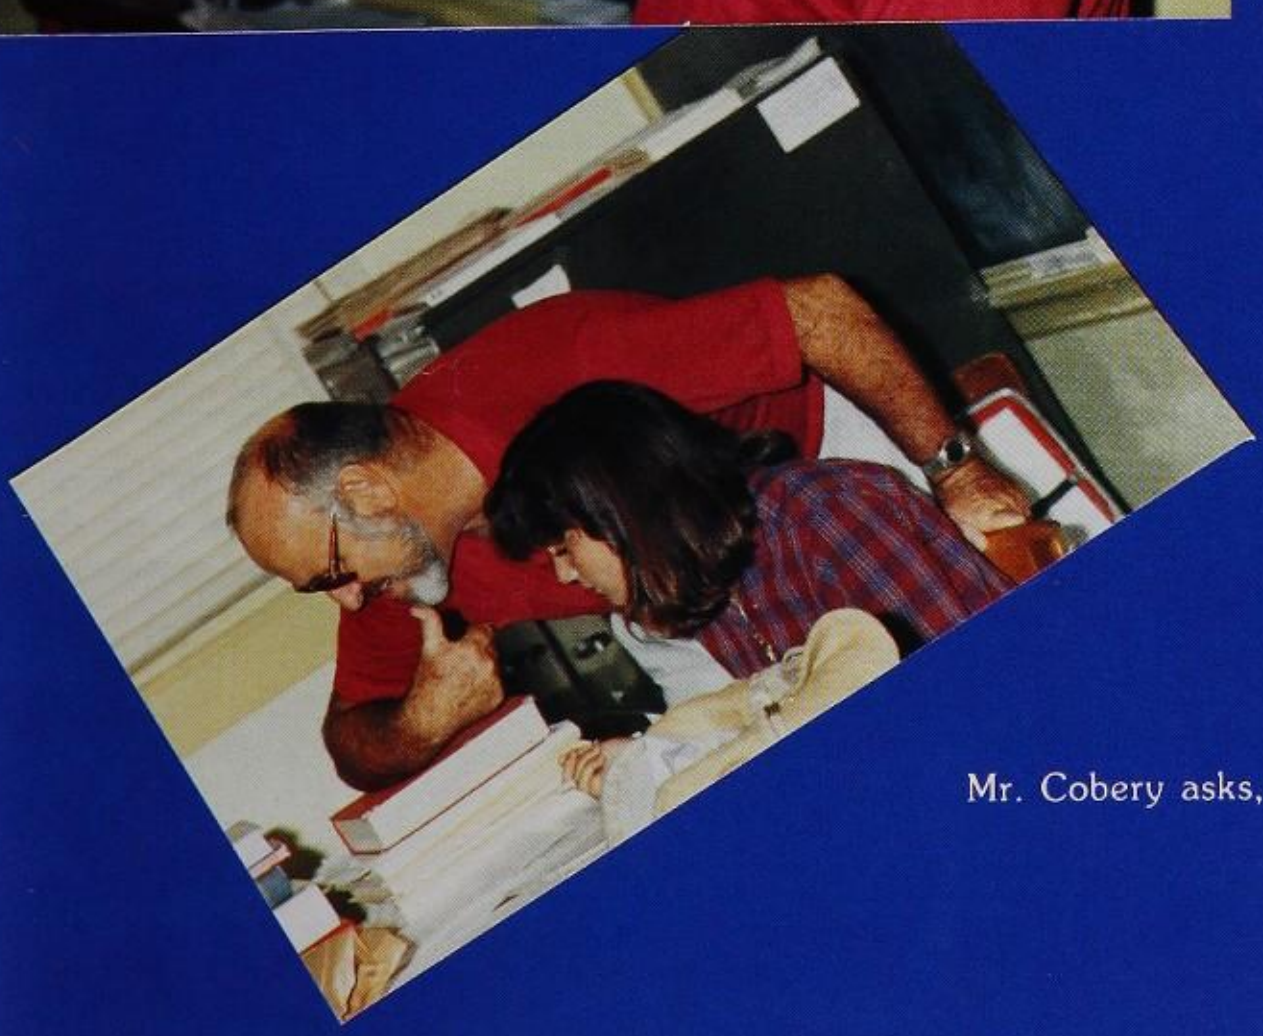
Known for his wit and good nature, he is well liked by both students and faculty.

Mr. Cobery has added to our B.H.S. pride and will be a friendly face on the Burbank campus for many years to come.



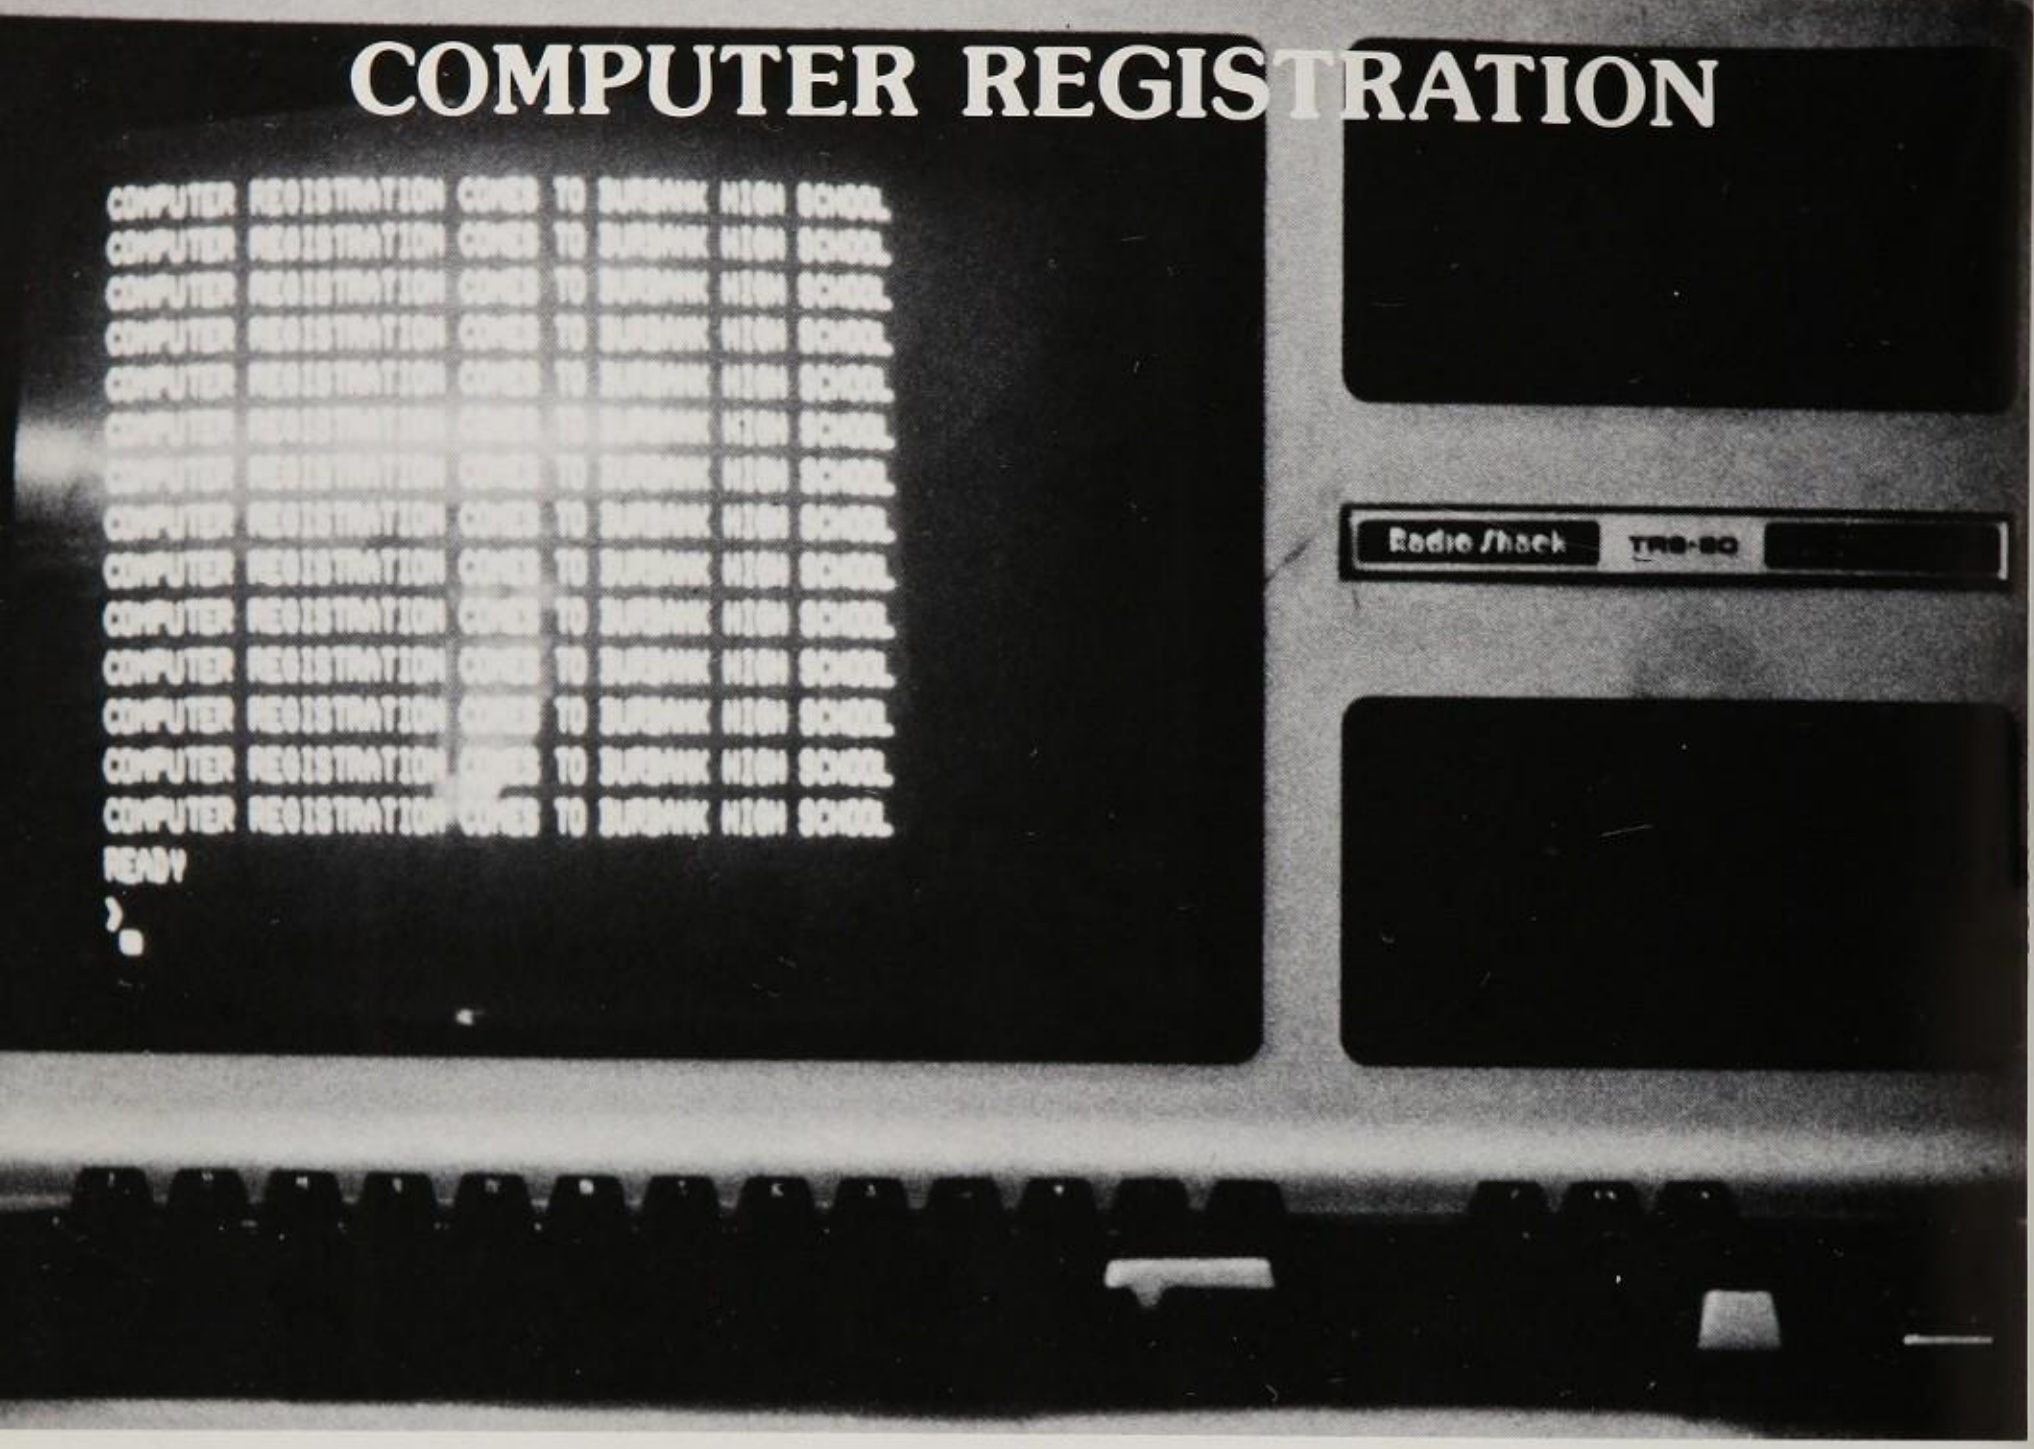
SPIES TOP DOG!!!





Mr. Cobery asks, "When was the War of 1812?"

COMPUTER REGISTRATION



This year, a new system for students to select their classes was put into use, computer registration. Mixed feelings towards this system caused hardship for students and administrators.

The purpose of registration by computer was to avoid the disorder and confusion of walk-in registration. Administrators considered the computer method as a more convenient arrangement, causing less trouble and work for everyone. However, what resulted were longer lines of students for program changes. In fact, the lines doubled — which caused more work for administrators.

One student said that he had to change his classes because he was given two classes in the same period. Another student was given Work Experience in between two classes. Furthermore, a number of teachers and students were given the wrong classroom number written on their schedule.

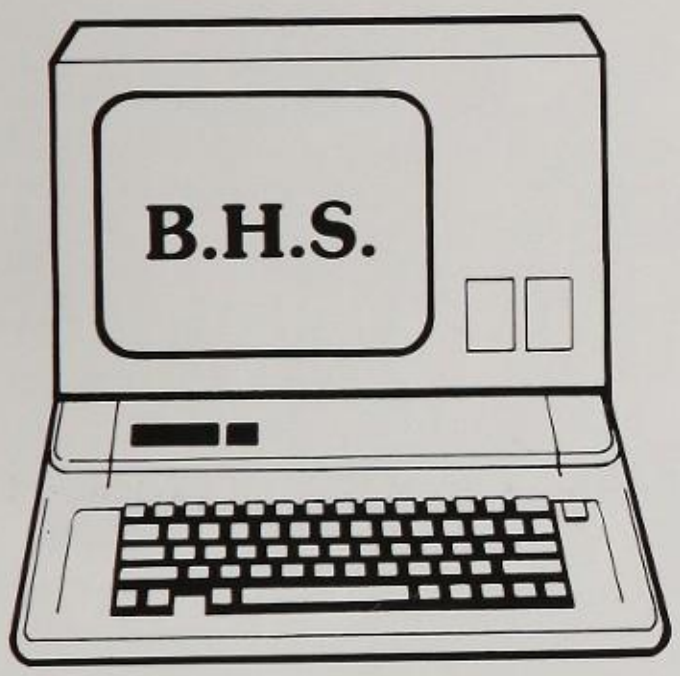
Assistant Vice Principal, Gail Cirigliano says, "Any time there's something new, it takes a while to get used to it. Maybe within another year, we'll all get used to its assets."

Business teacher, Pat Andreoni says that it's worth all the efforts. "It avoids placing friends together in the same classroom. They'll come to class with a more positive attitude on learning."

Patricia Campos, a senior, thinks that walk-in registration and computer registration problems are about the same. "We should have just stayed with the old system. There would still be those problems, but at least there will be less hardship."

It seems that the students of Burbank High are not yet ready for the computer registration. Students should plan ahead as to what classes they want to avoid too many schedule changes. As for the administrators, they should be extra careful in giving information to the computer to avoid any errors. It will take a while for both to get use to the computer registration system. Hopefully, in the school years to come, these problems will be eliminated.

Can we change our classes yet?



Mr. Martins slyly spies for computer errors.

And the lines grew longer and longer.

Can we go in now?

BURBANKIANS TRAVEL
LOOKING FOR THE

(Left) Tina Murray's investigation reached the Grand Canyon in Arizona. She and her family went on a month — long tour of the United States. Here she is taking time out to take a picture with close friends.

(Above) Greg Kaufman went on his journey to Washington D.C. to find Buster. His inner feelings told him that he might be in trouble with the FBI for stealing spirit and bringing it to Burbank High.

(Right) Our BHS cheerleaders went to USA (United Spirit Association) camp in Santa Barbara this summer. They learned to work together as a group and get along with others. Special skills and routines were also taught. They had a great time while Unity and Pride was with them.

(Left) Chris McKinney left for four days and three nights training to be a drum major. He learned leadership, twirling, and conditioning. He said, "The training was great, but the food left something to be desired." Thank goodness for Chris and his experience with our band.

AROUND THE WORLD
MISSING BULLDOG!!!

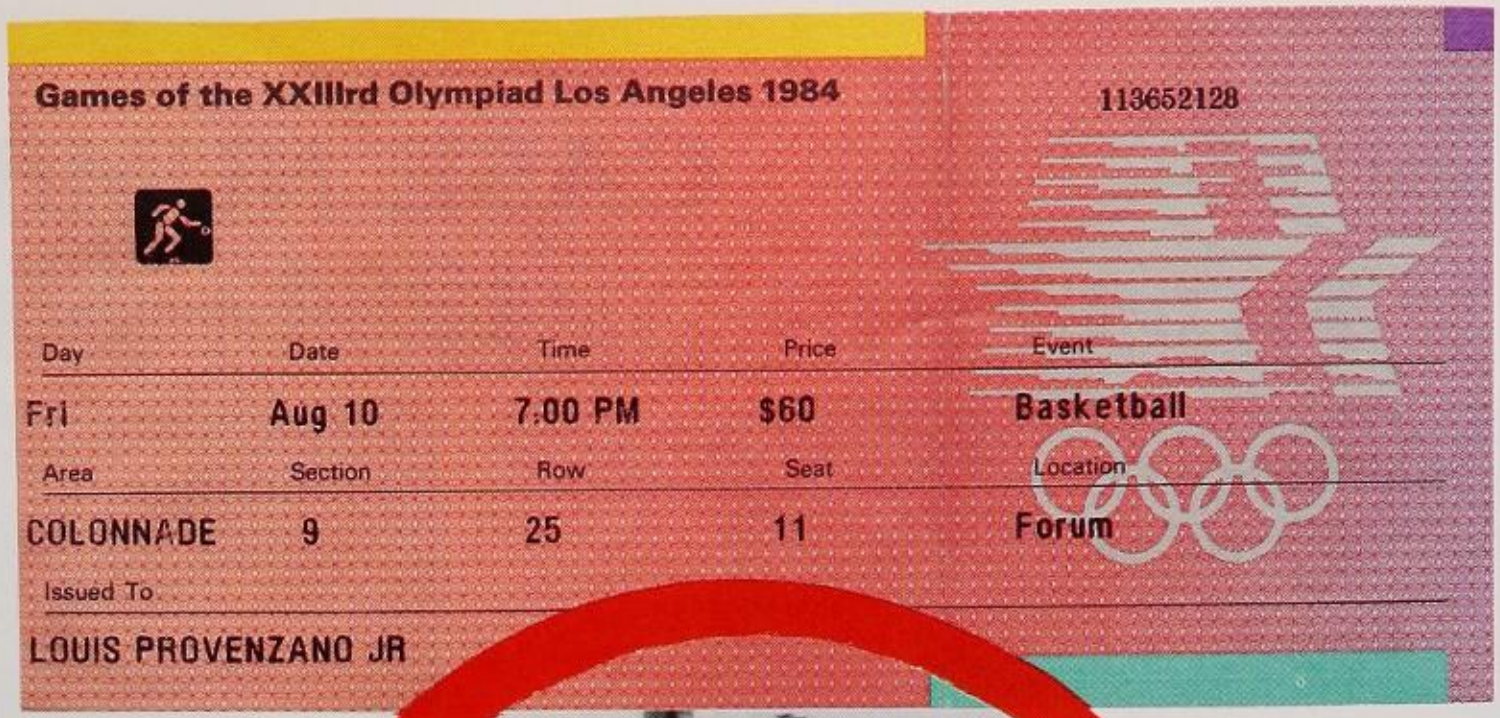
(Above) Carrie Stenger went to Paris, France this summer to visit her mother. While she was there she was going to look for Buster, but as you can see, she had a better time being a tourist.

(Above) Here is Curtis Wisman posing for the camera in Hawaii. He went with his family to blue skies and cool temperatures. His search for the bulldog never really began when he discovered the nearest pub and the tiniest bikinis.

(Above) Mrs. DeMarco and her son went on their own search. They traveled to Hagerman, New Mexico. They stayed on a 1200-acre ranch for one week. They rode horses, went to a rodeo and Indian dances. They even spotted a tarantula when looking for buster.

(Above) Bee Chew went to New York. Her idea was that maybe he went to go see a modeling agent for a new Dog Food commercial. Bee said she had the time of her life in the East. Here she is at the Rockerfeller Plaza.

BURBANK HIGH
SPIES ON THE 84 OLYMPICS



The Olympics are a great part of history. I hope you had a chance to see them so you could tell our future Bulldogs. It was a honor for Burbank to have the torch run through our great city. Let the Olympic spirit live!

CASE NUMBER 1984—85

Proud to be bulldogs!

As you look through the file of 1984-85 you will see how our spirit has grown with us. Clues of the missing bulldog have been given throughout the book. These few pictures of Buster are to remind us how special he was. His enthusiasm has brought so much spirit to our school.

KARA Murphy gives buster a big hug.

They've got that winning smile!

"We've got spirit!"

THE MISSING BULLDOG

So come along, look through the pages and help us find Buster. The suspects below have been booked on suspicion of knowing where he is. If you can figure out where he is from our clues, then our blue and white spirit will be with you forever!!!!

The guilty look.

Hugo Troncosco looks for clues.

"Don't look at me!"

"Who, me?"

Coronation Dance

The theme of this year's Coronation dance was "Serious Moonlight!" Thanks to our dedicated ASB, the dance was a hit! The many hours of preparation paid off. The Girls' Gym became a gorgeous setting, made up of sparkling stars and dangling streamers, not to mention a mural of the moon and ocean scene. This created the mood for the dance.

The Coronation Court was presented and the big moment for the crowning of the King and Queen arrived. Jose Cano, our ASB President, and Wende Tadlock, the Varsity Football Princess took their places as King and Queen. All in all, the 1984 Coronation was unforgettable!

Above: Renee Clifford and Jason Brooks are dancing in the moonlight.

Coronation Parade-

The Homecoming parade was also exciting. The court with the Queen and King paraded on elegant cars followed by ASB members, pep squad, marchingband, and drill team. This Parade was to reach Memorial Field. This was just a small event fortelling the fantastic victory that followed. Even though it was a bit cold, the stands were filled with rooting fans. Between the Varsity game and Sophomore game, the homecoming celebration began. The cars paraded a semicircle around the field then the court walked to the Trolly where they were officially proclaimed the 1984-1985 Coronation Court.

"It's cold out here!"

"I hope my band is O.K.!"

DETECTING GOOD LEADERS

To be a successful ASB officer, one must be willing and able to give of himself and his time freely. An ASB officer needs to display enthusiasm and dedication. Our dedication. Our officers worked as a team to provide the students with dances, spirit rallies, to promote school spirit and budget money. Mr. Auzene as their advisor does not tell them what to do, but advises them on different ways to approach a problem; then they decide the best way to do it.

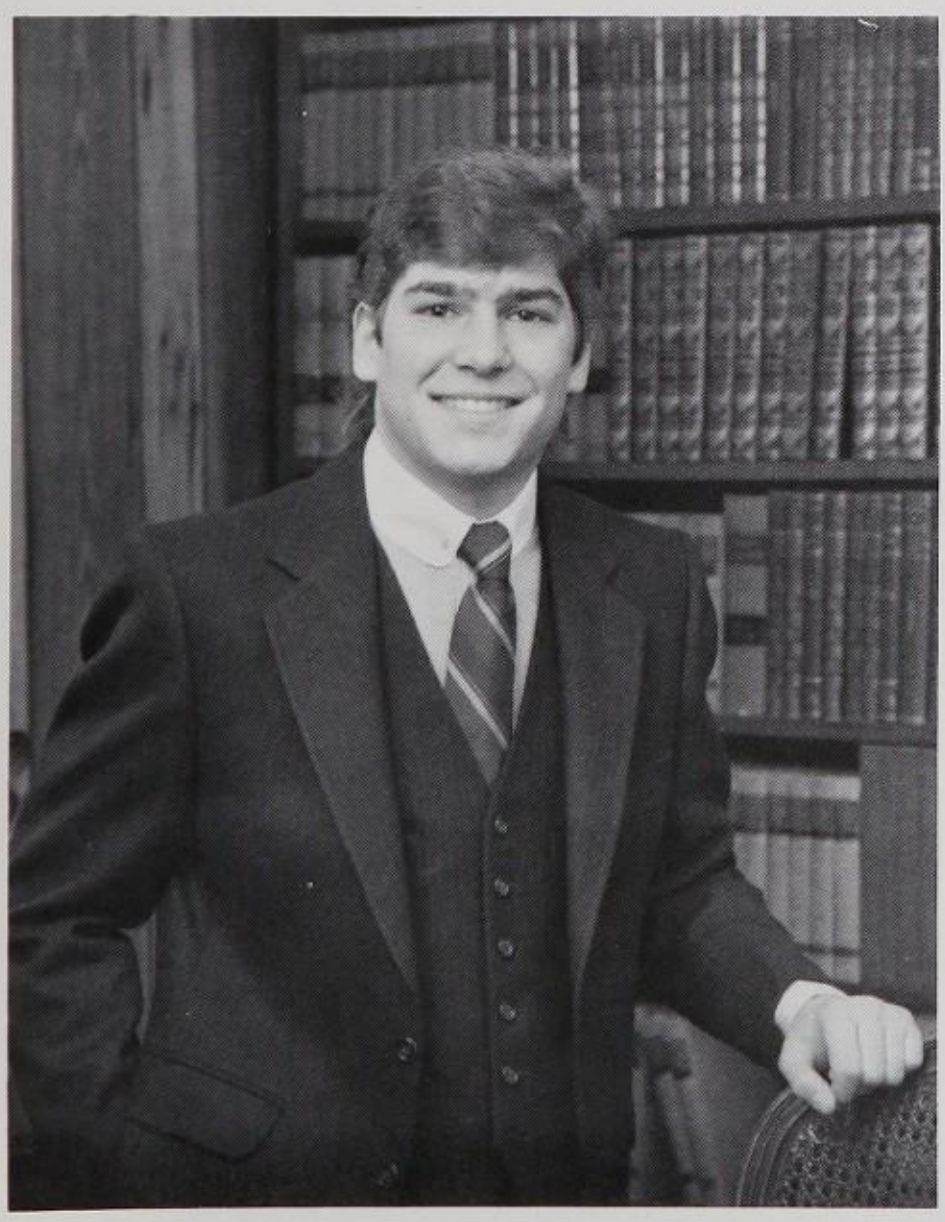
Legislative councilis a big part of B.H.S. Each member presents their ideas for dances, assemblies, rallies, and building school spirit. Every Thursday of every month the council meets and we have our cookies and milk. In these meetings A.S.B. tells us the upcoming events, the results of the fundraisers, and any exciting news that they have to share. A.S.B. also brings in speakers to discuss any outside news. Legislative council is the divider between the student body and our administrators, at these meetings we can discuss what can be done to create a more spirited enviroment.

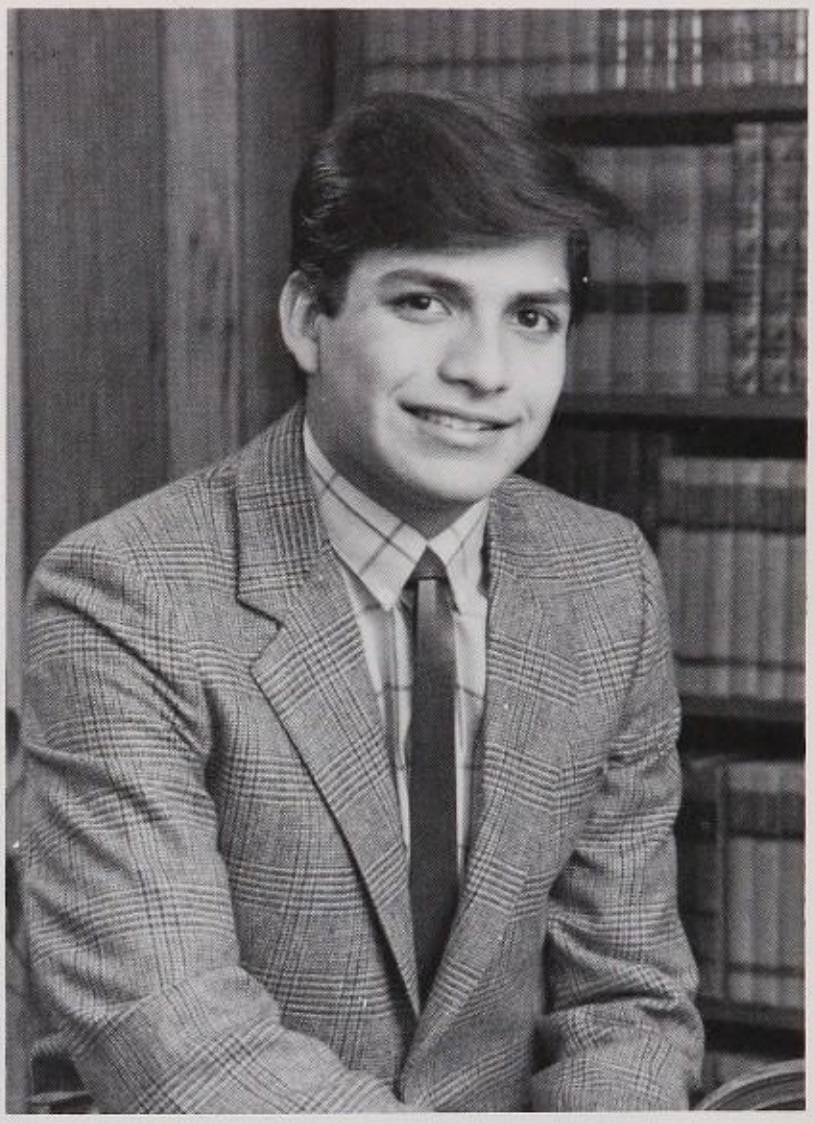
Spring President Bill Akmakjian and senior President Kim Allen discuss those minor details for promoting school spirit.

Legislative council members busy brain storming for new ideas and new plans.

A.S.B. PRESIDENTS
FALL-SPRING 84-85



William Akmakjian our Spring A.S.B. President.



Fall A.S.B. President Jose Cano

A.S.B. President is an important position in the school. They must have the qualities of good leadership, responsibility, understanding, and the ability to work with others. We had two outstanding presidents this year, Jose Cano, who established goals for the fall semester and met every one that he made. Jose had experience being in A.S.B. during his junior year.

Bill Akmakjian was our president for the spring semester. Working with Bill were a fine group of officers and commissioners. They saw to it that the school was kept running efficiently, and they got things done.

Working closely with the vice-presidents, our fall vice-president was Tiley Chao, and for the spring was Robert Conery. They did a fine job of conducting legeslative council and substituting for the president. Robert Conery had many ideas and was very efficient as well as Tiley Chao.

Both semesters of A.S.B. are deeply indebted to Larry Auzene. who helped and shared his leadership qualities with the A.S.B. members. Burbank High will miss the outstanding accomplishments that were met.

Our clubs this year have been really great. They have helped many needy people in their service projects in just one year. The club section has just added two new groups: Boy's volleyball which help build pride in our school and also Academic Decathlon which gave our scholarly students the opportunity to show off their academic talents. Thanks guys.

CLUBS AND ACTIVITIES

MASCOT: BUSTER BULLDOG

Don't give me any lip.

Greg Larson

Jumping for joy.

"Ahh! my break."

Our mascot, Greg Larson, has contributed a lot of pride and spirit to this year's pep squad and school. He comes to all practices, games and rallies with a smile on his face. He was awarded a superior trophy at U.S.A. camp and he sure deserved it. His time and effort has made all of us proud of our school's symbol "the bulldog". In or out of the costume our mascot Greg Larson is a great person and in inspiration to all.

"ruff!"

PEP COMMISSIONERS

Left Dawna Baroda, right Dana Henry

Busy, Busy, Busy, Pep commisoner, Dawn Baroda and assistant, Dana Henry have been busy all year! They have a very big job, thats to carry out the plans for pep squad activities, such as all the great rallies and assemblies. The Bon fire, for example, was a great success and it was largely due to the efforts of these two. They are always there to lend a hand when needed, and whatever they do it turns out great. These two girls hard work and long hours made this year unforgettable and they are greatly appreciated.

VARSITY SONGLEADERS

Top, Jennifer Brocca; Standing from left, Carrie Stenger and Cella Brosnan; Foreground from left, Wende Tadlock, Tiley Chao and Kara Murphy.

This year's varsity song is really moving. They are full of pride, spirit and rhythm. This may sound like all fun and games but these girls have put a lot of time in to making our games, ralley and other events spectacular. They all love music and dancing, but what makes this squad so special is their ability to get along. They are all good friends.

Who, me?

Friends for life.

I forgot the words.

Go, Tiley!

"Say cheese!"

VARSITY YELL LEADERS

Top from Left, Linda Kaftal, Steve Nelson, and Ellie Moreno; Bottom from left: Donna Kaiser, Kim Duly, Kim Allen and Anna Ossa.

Get 'em Ellie.

The Varsity Yell Leaders really fit the script. They all have great leadership qualities and know how to take control. These come in handy when getting the crowd involved, and they always find a way, whether its their great spirit or their take-charge voices. This squad has worked long, hard hours to make this year's school spirit the best. They did a superior job.

Mama Linda

PRIDE INSIDE

"All right!"

B.H.S. is No. 1

"How's this?"

Taking a break

J.V. SONGLEADERS

Standing, Michelle Halford; to the left, Chelly Auzene, Lucy Lister and Lisa Nelson.

The J.V. Songleaders have had a fun year, and put a lot of time behind it. Their job is to cheer and support all J.V. sports and they've done a fine job. This year we've added an extra girl to each J.V. squad and it has helped. These girls came together not knowing one another very well and turned into a good group.

"No more pictures!"

"Step in time"

J.V. YELL LEADERS

On top, Margo Abbott: Standing from left Laura Daniels and Michelle Patterson; foreground, Janine Hall.

This year's J.V. Yell Leaders have got it together; they attend all J.V. games and give much support. Hearing their enthusiastic voices and clapping hands really gets the crowd going. This year's J.V. Yell leader were presented with a superior trophy at camp for their routine, and they deserved it. They have had a successful year.

"Just clowning around"

Marching Band has a difficult job at Burbank. Along with Tall Flags, they provide half-time entertainment and represent the great spirit we've achieved at B.H.S. No football game would be complete without hearing our school fight song, "On Wisconsin," and not to mention the Anthem. Under the direction of James Blazejack, marching band has taken a great turn for the better. We at Burbank High are proud of their fine performance in both games and competition.

Let's hear it for the band!!

Key Club has been a big part of BHS for many years. They have service projects for our school and for our community. Their service projects include Donkey Basketball, donating a seeing eye dog, and money for scholarships. They also make yearly trips to the Spastic Children's Foundation and run concession booths at basketball games. Being in Key Club is a privilege. You have to go through many initiations, one of which is to dress like a nerd for 3 weeks.

The officers are Dan Krattiger, President; Chris Rodgers, Vice President; Nick Liosis, Sergeant at Arms; Bruce Dickson and John Uhl, Secretaries.

They all have fun together on their weekend trips which makes this club strong. Mr. Auzene, the advisor, enjoys them because he says "They're a great bunch of guys."

DESCRIPTION: **Here at BHS there's other things than our great athletic department and performing arts. Our classes are categorized by business, language, English, social science, mathematics, science and performing arts. Each of these classes consist of one teacher and approximately 30 students. In these classes, you have the opportunity to learn many things, and that can be really great for your future.**

CLASSES

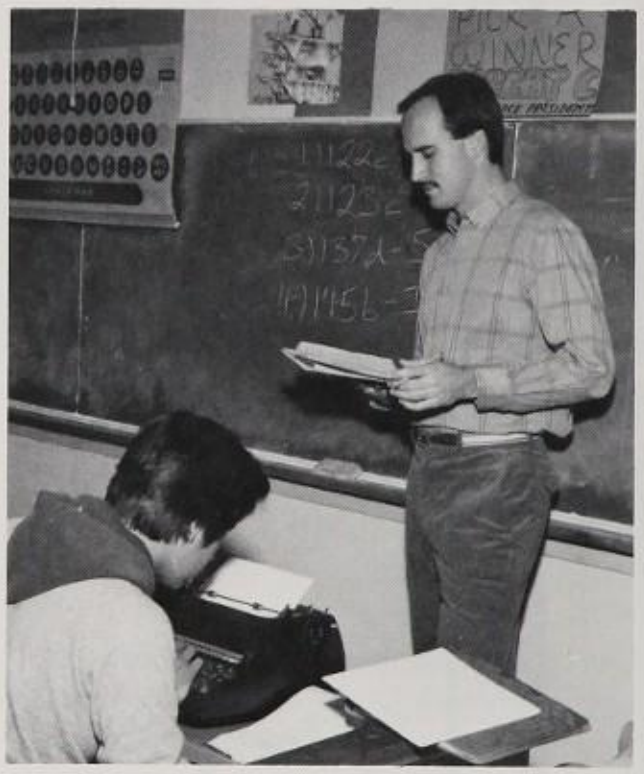
CLASSES

Anywhere you look on the B.H.S. campus, you can find something interesting going on. This year we found many special classes here at Burbank.

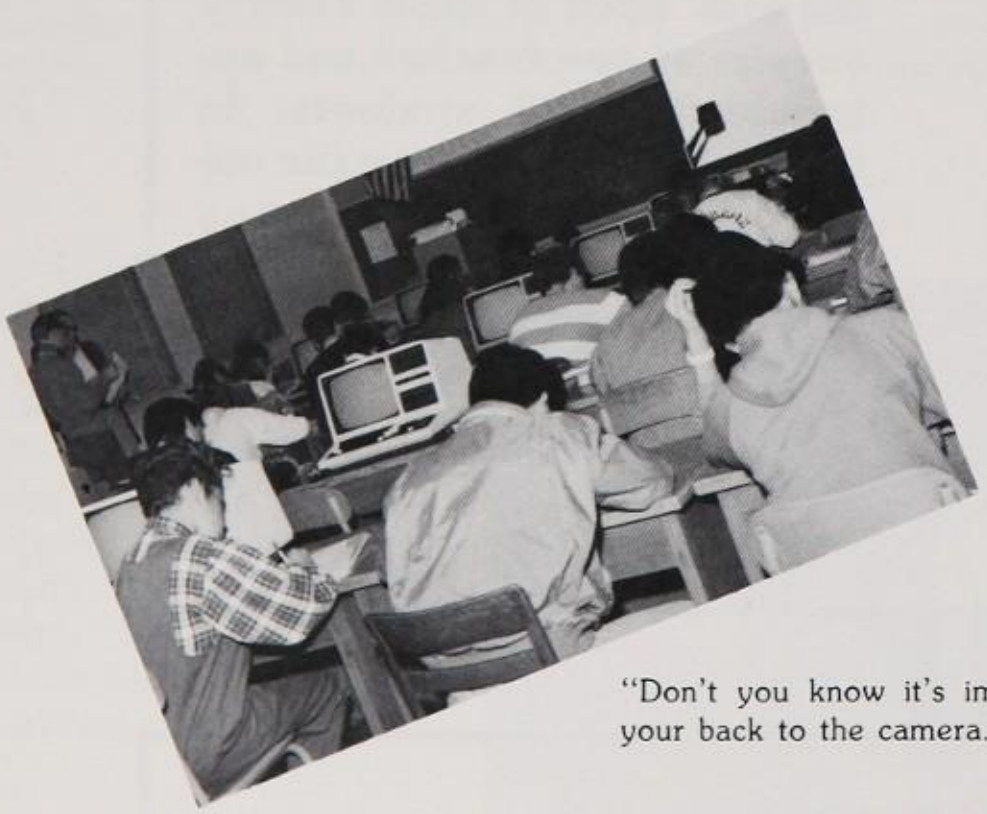
Burbank offers a very diverse curriculum — from accounting to theater workshop — B.H.S. has it all.

BUSINESS

"On your mark, get set, go!"



"Every man must come to the aid of his what?"

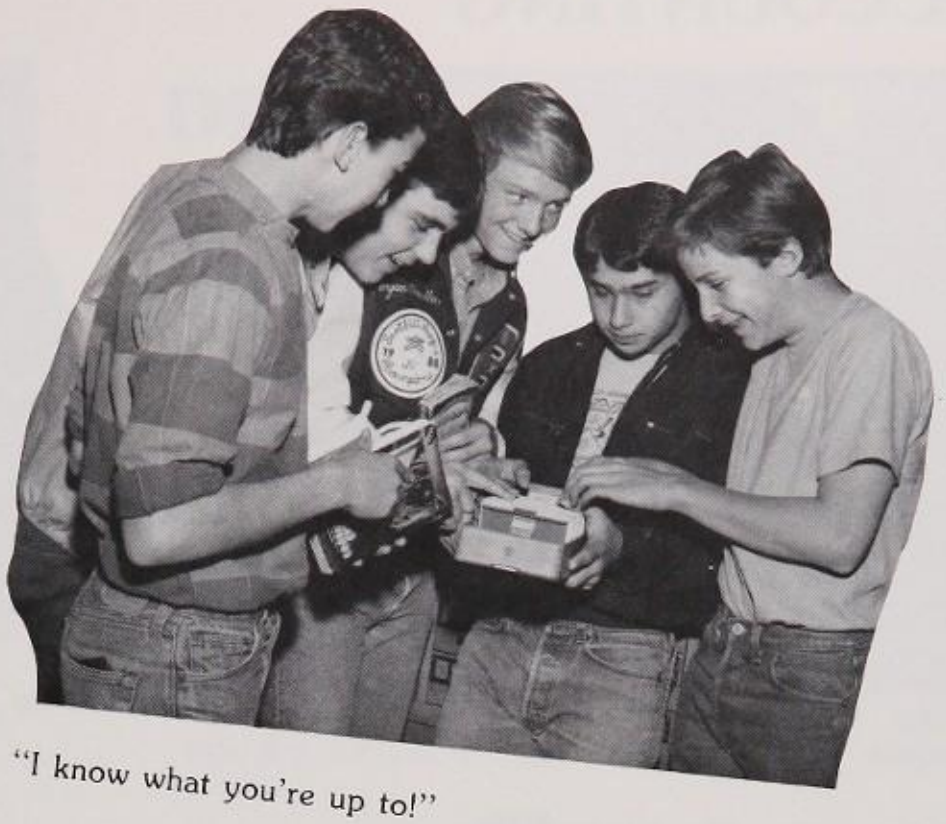


"Don't you know it's impolite to turn your back to the camera."

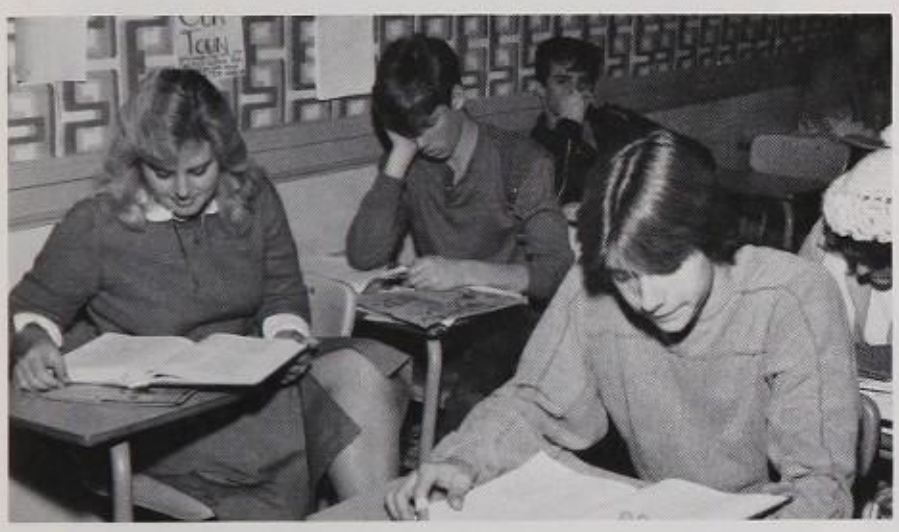
COMPUTER SCIENCE

ENGLISH

"Once upon a time . . . "

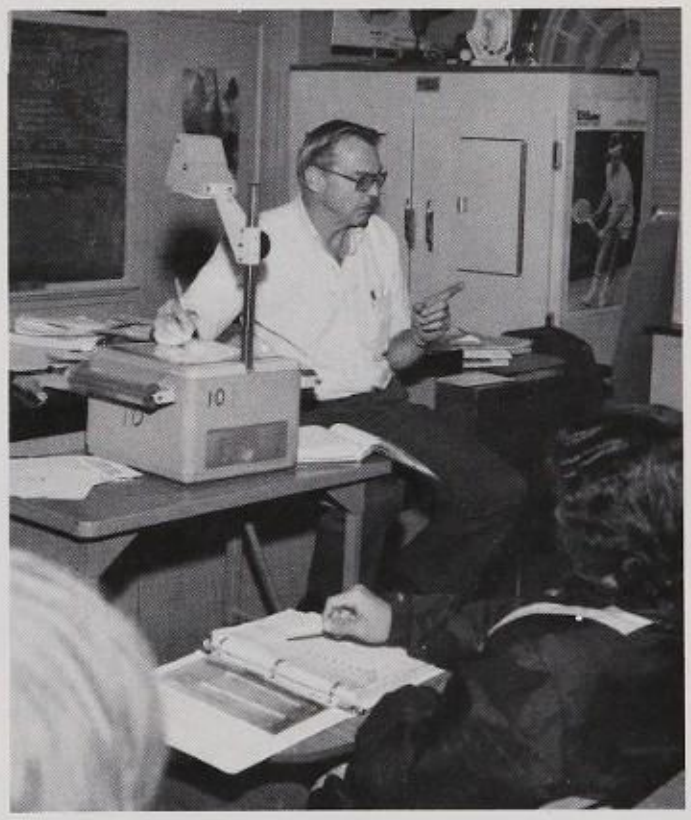


"I know what you're up to!"



"What are you looking at?"

BIOLOGY



"Now if I have to tell you to wake up one more time . . . "

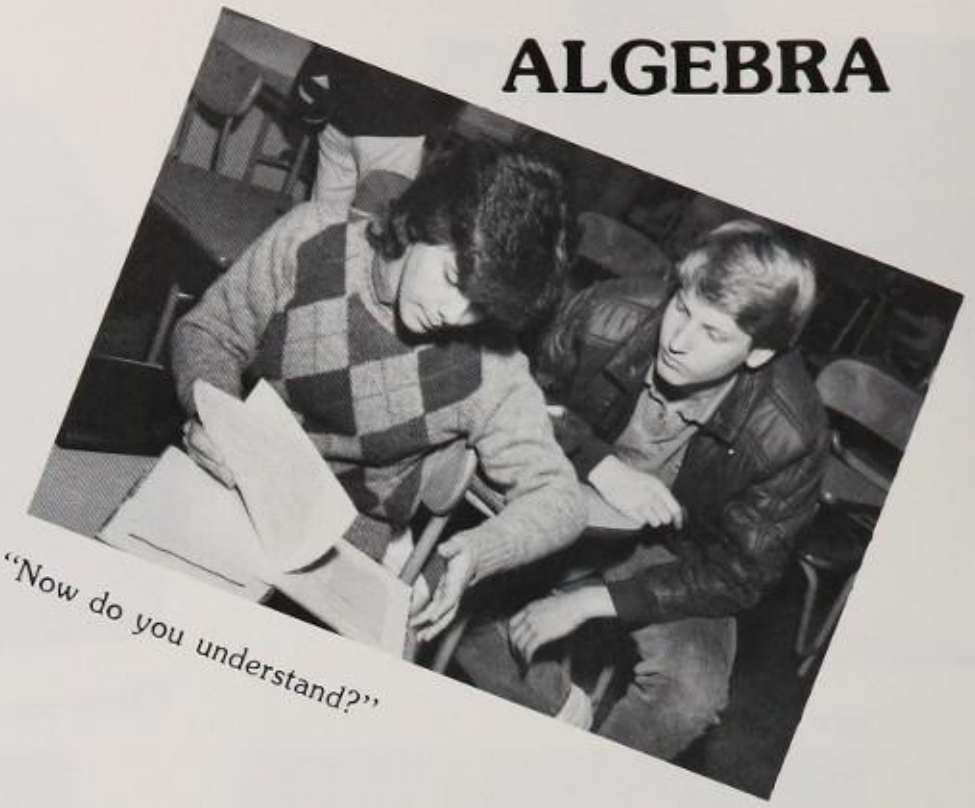
PSYCHOLOGY

"Here we find Susi practicing hypnotism in psych class. Ahhh!"

ACCOUNTING

"One more debit and I'm gonna scream."

ALGEBRA



"Now do you understand?"

CLASSES

"Now Einstein's Theory in relation to that means . . . "

CANDIDS

"Everyone smile — it's photo time."

"Hey Everybody!"

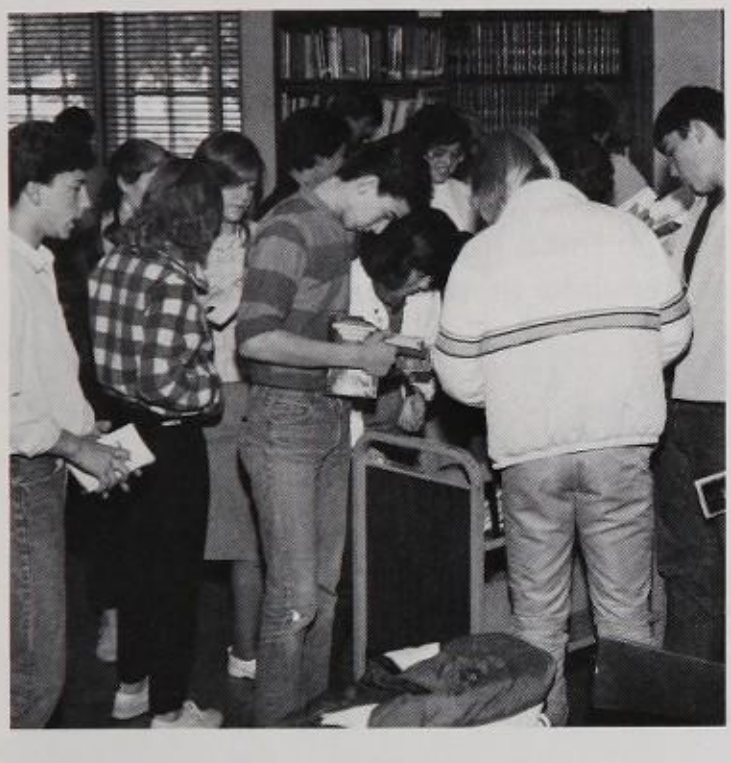
"Hey! Look at the bug."

CHORUS

"Everybody open wide."

DRAMA

"Now this stage is nothing like the one used in Hamlet."



"I can't find the book."

GOVERNMENT

"Wake up Gary."

"Where did everyone go?"

HI-LIFE

Back Row: Seong Jun, Ralph Avalon, Jeff dos Remedios, Glenn Wachtel, Michelle Lee, Alicia Martinez Middle Row: Lori Crutchfield, Louessa daMotta, Kim Robinson, Chris King Front Row: Lisa Bennett, Gary Lotka

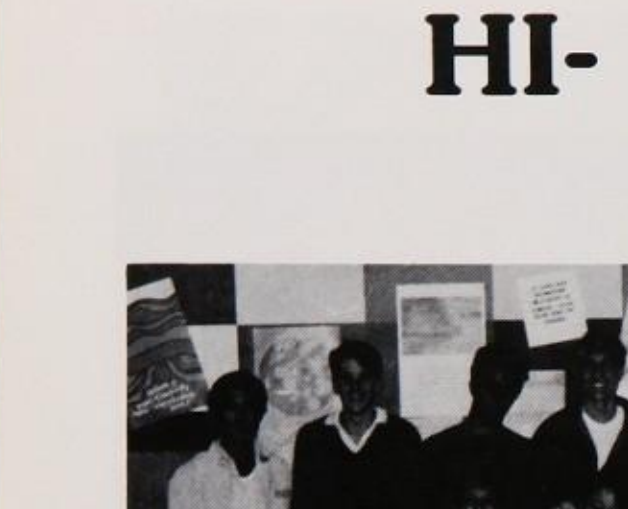
This year we slyly spied the Hi Life staff and came to these multiple charges:

1. Continued usage of constructive journalism outside of the declared journalism class period.
2. Using grammar and spelling after completed deadlines;
3. Missing lunches and working after school without a permit.

These dedicated offenders are keeping us updated on all of the current events happening on our campus. This year's staff is a credit to our school and without them, we would be missing part of our BHS spirit.

Under the instruction of Ms. Rowena von-Dornum, this year's staff is at its best. They are successfully producing the Hi Life for the students and faculty at Burbank High.

We wish them much success and would like to congratulate them on a job well done.



"Do you see any resemblance?"

"Now who can tell me what the 5 W's and H's of journalism are?"

MOCK TRIAL

Front Row: Gary Gebo, Seong S. Jon, Julie Mahalick, Kim Allen, Sylvia Jansson, Amahela Johnson, Dan Krattiger. Middle Row: Gary Lotka, Tom LaVoise, Tom Christopher, Bill Akmakjian, Katrina Ghormley, James Watt, Ralph Avalon, Ramon Avila, Bill Rini, Kent Warner. "Why aren't you listening to me?"

A rare breed of student has been spied upon the campus of Burbank High, this year. Under the instruction of Clyde Richards, this select group, known only as the mock trial class, has brought another source of pride to B.H.S.

Many can testify to the heated discussions that have taken place between the groups' members. During these intense sessions, many important facts are decided. Some of these decisions include the assigning of trial positions such as those of attorneys, witnesses, and researchers.

During this phase, the group finds itself gathering at every possible moment. There are many long, after-school meetings, and missed lunches.

One has to be dedicated in order to participate in mock trial, and patience is a must. More than once a passer-by has heard a frustrated Mike Leib say, "I know he's lying, Rolfe did it!!" But, even during the most frustrating times, you can tell that it's not all work and no play. These students are enjoying the thrill of competition against the other participating schools.

But all of the preparation and hard work pays off when the case comes together in the actual trial competition. Being scored on the basis of appearance, performance and, most importantly, legal knowledge of facts and procedure, these students don't find the competition easy by any means. Even so, completing the competition gives them a sense of achievement and accomplishment that makes the work a worthy investment. So, the next time you spot one of these sleuthes, carrying their mock trial packet, remember, they're working for our B.H.S. pride.

"Is this guy ever going to finish?"

"STONEFACE RETIRES!!"

Burbank Police Department Motor Officer McCarthy retired from the force in January of '85 after many years on the force. He will not be forgotten by the students of B.H.S. Without him, who would give out all the fun and exciting tickets? But wait, there's more, a new "Stoneface" has hit the streets. Officer Ryals became the new replacement and sources say he is just as tough as a bull. Bulldog that is!

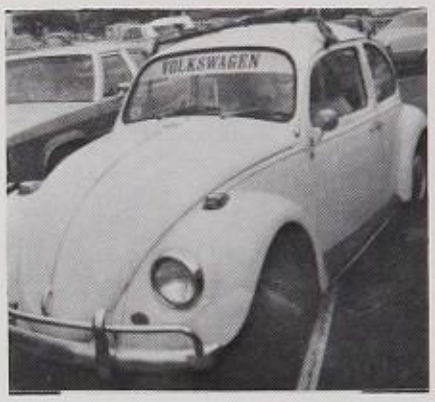
"Smile, are you kidding?"

There he is! The new cop on the streets to keep us in line!

Officer Ryals, tough looking!

(above) Are they really letting Mrs. Andreoni sit on that motorcycle? And is that a smile on "Stonefaces'" face? (left) The boys "in blue" stopped just long enough to let our photographer shoot this one!

"Say cheese!"



Thank you

When they walked through the door the very first day of class, everyone said that this was going to be a kick-back class. Boy, were they wrong! After deciding upon a theme, our editor began assigning various duties to the staff. There were pictures to take, stories to write, and layouts to be drawn. We stumbled over many obstacles which somehow we learned to overcome. Deadlines were extremely hectic, and came around too quickly. This was also our first attempt at preparing the yearbook by using the computer to write, edit and submit our copy on disk. This new experience had its drawbacks. Having only one Apple, made it difficult for everyone to get their copy entered in time, plus many of the programs which we were using had bugs. Eventually, we got through. Despite our disagreements, complications and other numerous problems, we somehow got this yearbook together. The work, time, and effort involved in constructing the yearbook managed to bring

Thanks to the hard work and many hours after school put forth by a group of talented kids, our Vocal Music Department at B.H.S. is excellent. Many kids have spoken of their new leader, Mrs. Nancy Evans and say "she can teach anyone to sing." We are proud of the long way they have come and look forward to an even greater Vocal department in the future.

The Pain and Agony

Oh! It's Over!

Hard work, determination, and self-discipline. YES! But those aren't the only characteristics of a successful team. Besides having those qualities, there is also the knowledge that you are part of a team. This was the factor that made the BHS Varsity X-Country team so successful. While X-Country is thought of as an individual sport, the Bulldogs ran as a team, grouping up in races, and running tightly in a pack. Many outstanding players, like Spencer Walch and Kevin Mokracek contributed to a successful year. Unlike other sports in which players have a set position with a certainduty in X-Country, the Bulldogs have the same function: running hard and working toward a common final goal — THE FINISH LINE.

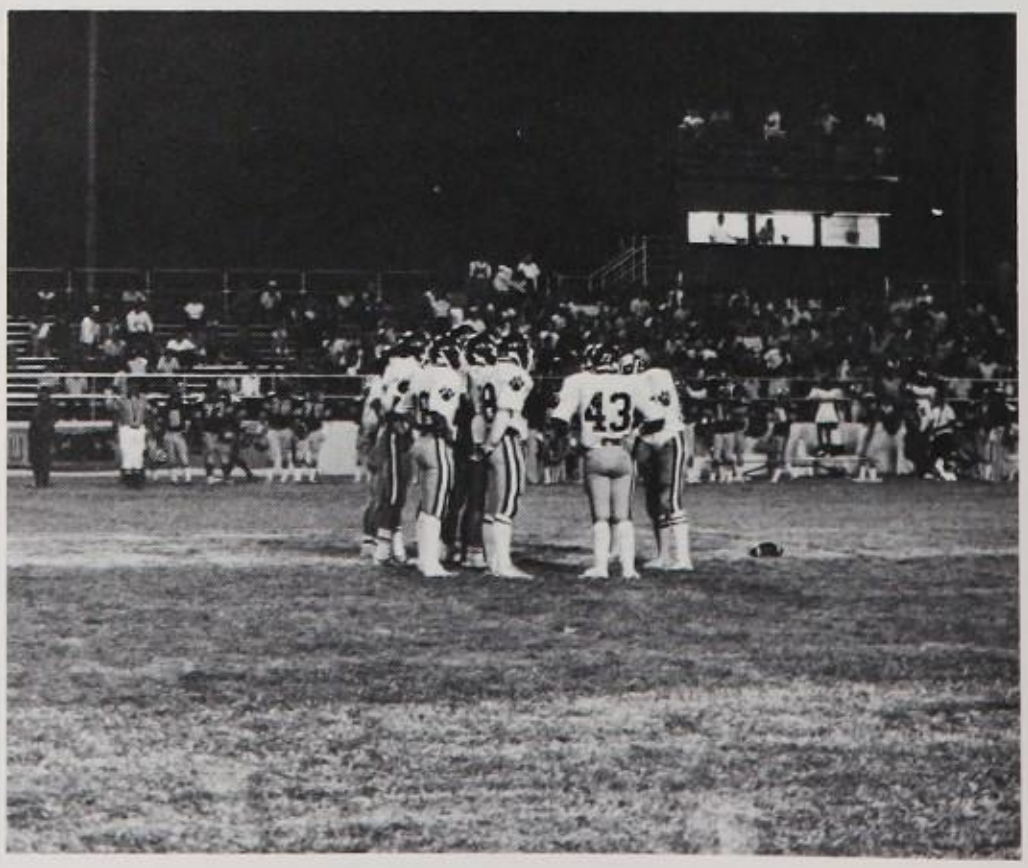
"I've got it." "No, I've got it."



"What's the plan?"

"Ha, Ha You can't get me,"

Needless to say, this year's football team did an outstanding job. Not only did they win 7 out of their 11 games, but they made it to the first round of the CIF playoffs. Burbank hasn't made it to C.I.F. playoffs in 7 years.

Coach Dave Carson said "They are going to be hard to replace." Coach Carson explained that experience is the back bone of a winning team. This year's M.V.P. was Gary Lotka. For offense there was a tie for M.V.P. between Craig Poulson and Joe Cofre. Voted for M.V.P. in defense was Mark Samson.

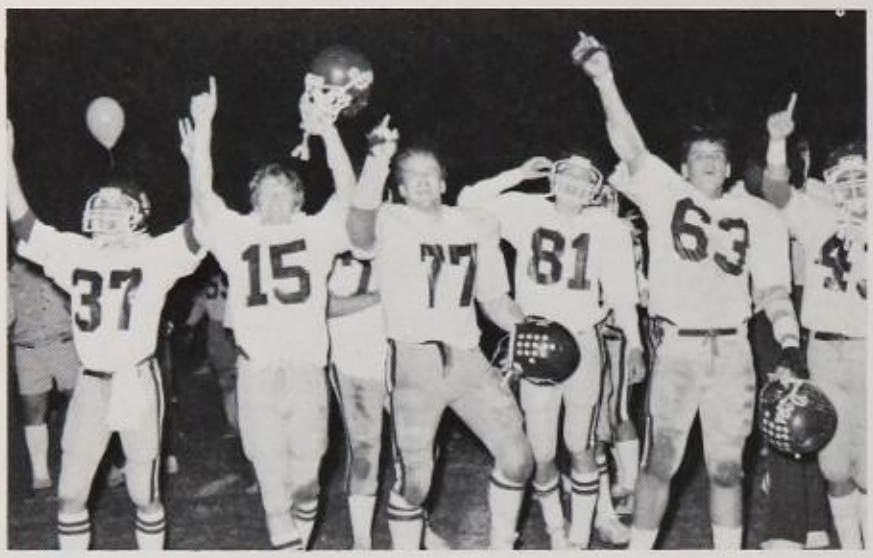
Coach Carson has high hopes for next year's team. For the Class of '86 Carson sees a possibility of league title and the C.I.F. playoffs.

It's party time.

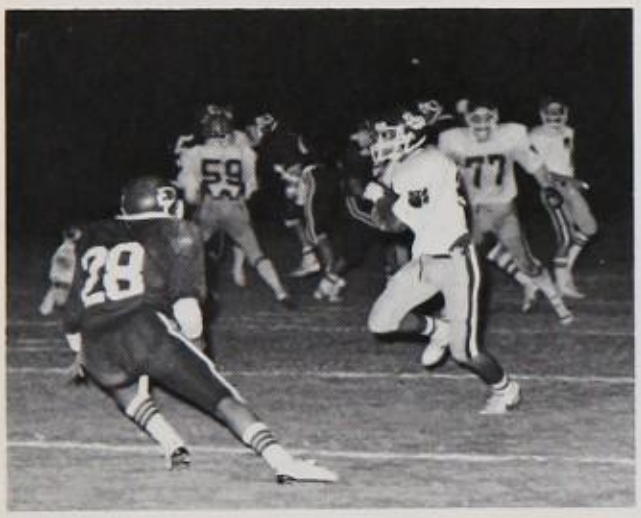
Let's go Bulldogs

TIMES ARE A CHANGIN'

We're #!



Fred Ackerly sprints for a touchdown late in the game.



Not only did we win Burroughs for the second year in a row, but we shut them out 28-0! Coach Carson (and everyone else!) felt that the game "demonstrated our superiority over Burroughs and the growth of the program in the past two years."

The game was an excellent win, with Craig Poulson making two exciting touchdowns and a pitch-pass by Lotka to Jarrin making a 60 yard completion.

Coach Fitzgerald said "It was a great win for our program. I feel bad for the Burroughs players. It could have been a better game." He was very impressed with our offense and proud of defense. He felt they played a great game.

The Burroughs game gave us a 7-3 record and got us ready for our first CIF Game in 7 years. It was a great season and we're proud of our boys!

The coach's award went to Jeff Molt and Abelardo Velasco. Gary Fortner and Ray DeVally were the captains. The most valuable defensive lineman was Dan Gramly and the most defensive back was Jason Flynn. Rich Barada was the most valuable offensive back and Ray DeVally was most offensive lineman.

Golf, an often underrated sport at the high school level, is a demanding sport requiring concentration, practice, and precision. Golfers put in long hours on the course improving their skills to achieve just the right combination of strength and finesse. The Burbank High team finished strong, showcasing the talents of many fine athletes. With several returning, talented letter-winners, the Bulldog's were bound to have a good year. The team played aggressive volleyball and showed great character throughout the season. Through tough competition, the team strove for excellence by long afternoon practices and many preseason games. Many outstanding players, like Angee Walls and Leslie Plank, contributed to a successful year.

JV'S SET FOR WIN

GIRLS JV VOLLEYBALL

This year's junior varsity team had a very successful season. They showed extremely impressive performances in their games. The reason for their success, Edelman says, was from modifying their defense. "Our hitters attacked their opposing team where our opponents were most vulnerable." They worked longer and harder hours, including weekends. They have won all of their games except one. Sharon Laskey and Sandy Song were the most outstanding players. This was also the first time that they ever defeated their tough competition, San Gabriel, in their two matches. This was the first time that our JV Volleyball team won and the league went to CIF.

Congratulations for a great 1984 season!

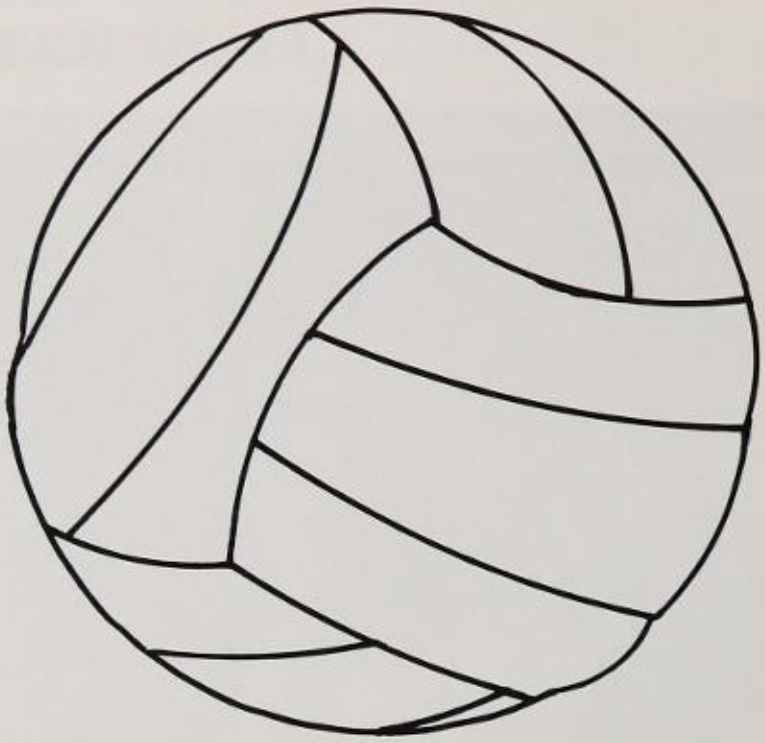
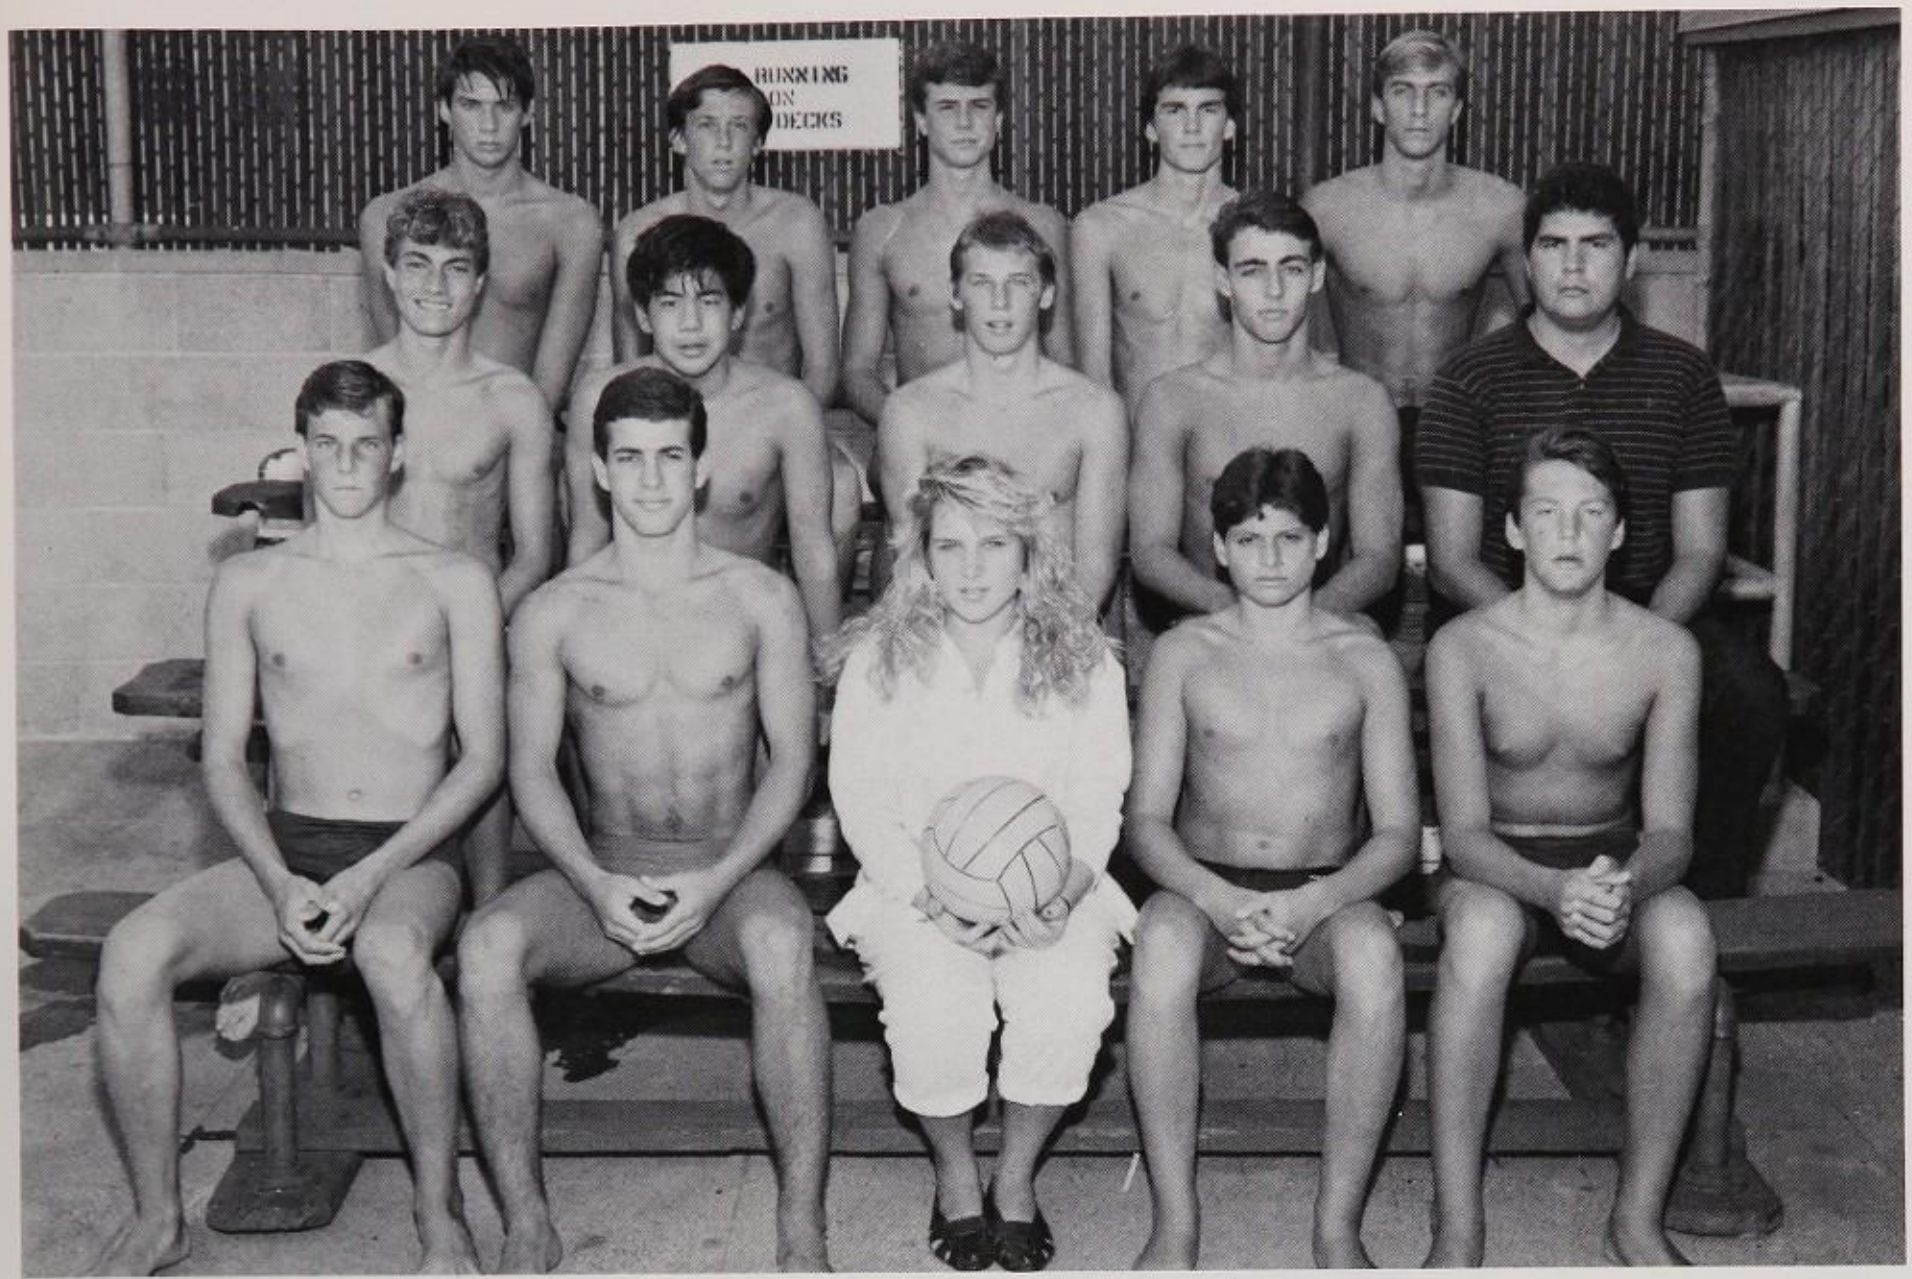
This season, the JV Water Polo team played well. They played competitively, which most teams lack.

While not amassing an impressive win/loss record on paper, our athletes matured as a team and gained invaluable experience which held them in good stead in '85. The outstanding players were leading scorer, Grant Hageman, and Tony Ballesteros who was a inspirational leader. These players combined with sophomore talents of Mark Huntsinger and Kevin Peltier — and other returnees — will give Burbank power and promise never before enjoyed.

H2O Polo



Water Polo had a good and "aggressive" season that kept other teams on their quickness. An outstanding varsity player was Rob Conery. As goalie, he had a very high percentage of blocked shots in our landslide win over Burroughs. Rob made first team All-League. Brad Watkins was our leading scorer and made second team All-League. We had Ron Cafferty to yell "LETS GO BURBANK" that brought inspiration and cheer for the 1984-85 Water Polo Team. Burbank High is proud of their team and their accomplishments this year.



Top (L to R): Spencer Hess, Brad Watkins, Jack Spratt, Randy Kolstad, Rob Conery. Middle (L to R): Glen Wachtel, Eddie Kugo, Mike Becker, Doug Hayes, Coach Cervantes. Bottom (L to R): Mike Hurst, Ron Cafferty, Cindy Thomas, Ralph Cisneros, and Ben Kolstad.

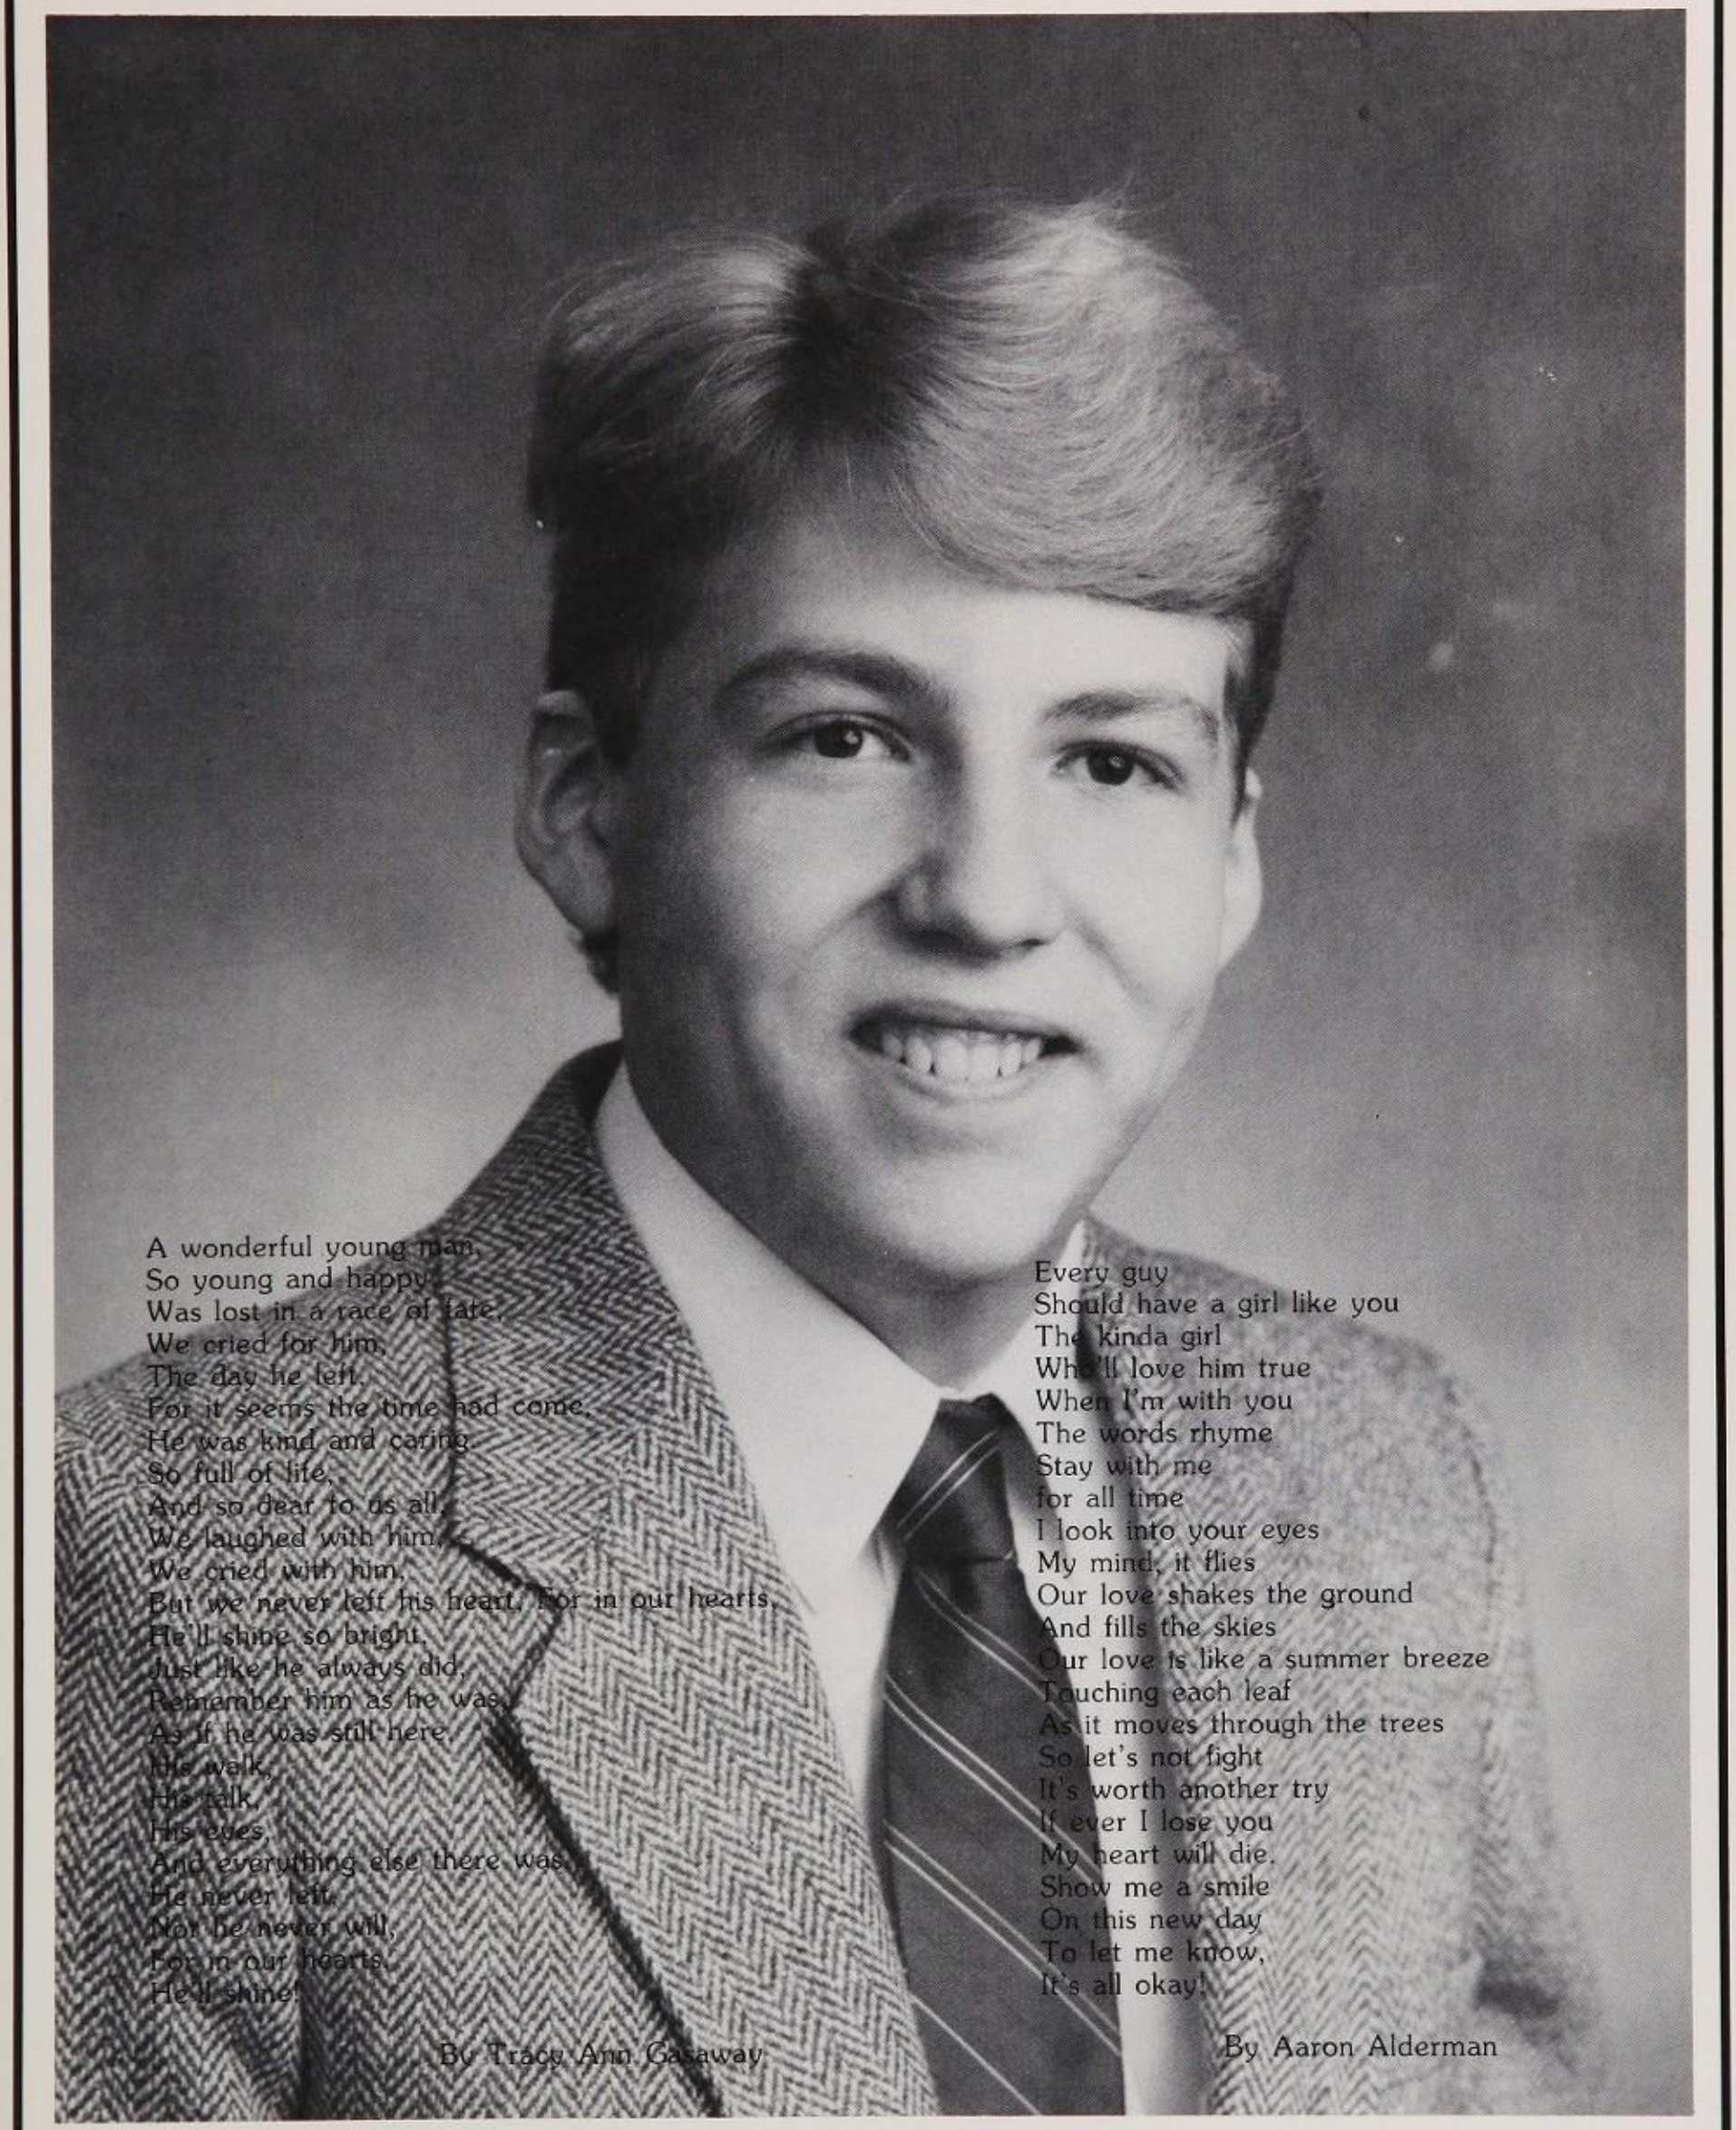
BULLDOG'S PAW PRINTS

IN MEMORIAM AARON ALDERMAN



A wonderful young man,
So young and happy,
Was lost in a race of fate.
We cried for him,
The day he left,
For it seems the time had come.
He was kind and caring,
So full of life,
And so dear to us all.
We laughed with him,
We cried with him,
But we never left his heart, for in our hearts,
He'll shine so bright,
Just like he always did,
Remember him as he was,
As if he was still here.
His walk,
His talk,
His eyes,
And everything else there was.
He never left,
Nor he never will,
For in our hearts,
He'll shine!

By Tracy Ann Gasaway

Every guy
Should have a girl like you
The kinda girl
Who'll love him true
When I'm with you
The words rhyme
Stay with me
for all time
I look into your eyes
My mind, it flies
Our love shakes the ground
And fills the skies
Our love is like a summer breeze
Touching each leaf
As it moves through the trees
So let's not fight
It's worth another try
If ever I lose you
My heart will die.
Show me a smile
On this new day
To let me know,
It's all okay!

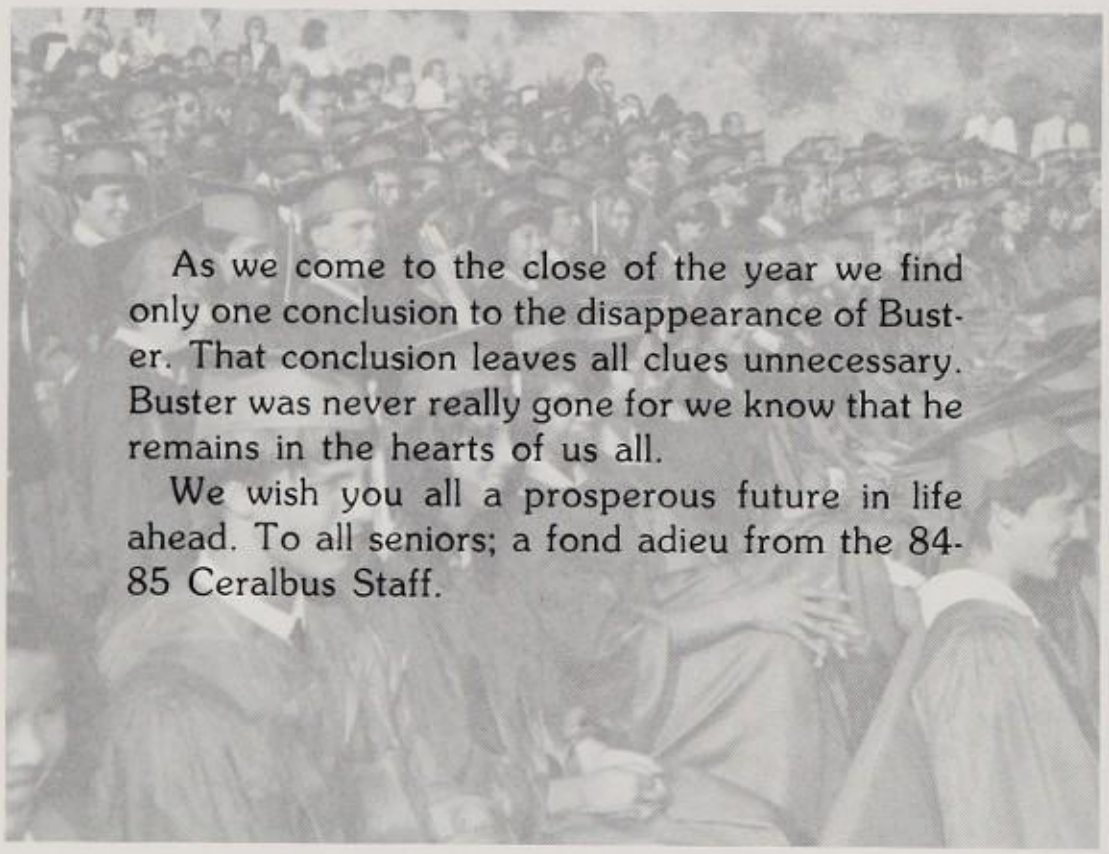
THE

END



As we come to the close of the year we find only one conclusion to the disappearance of Buster. That conclusion leaves all clues unnecessary. Buster was never really gone for we know that he remains in the hearts of us all.

We wish you all a prosperous future in life ahead. To all seniors; a fond adieu from the 84-85 Ceralbus Staff.
